SPOT FREE MACHINE DISHWASHING POWDER

DESCRIPTION:

SPOT FREE is a white free flowing powder with a clean citrus fragrance. It is based on a blend of heavy duty alkaline detergents, soil suspending agents, anti-scaling components combined with an oxygen activated de-staining agent.

APPLICATION:

SPOT FREE is specifically formulated for use in all types of domestic and industrial dishwashing machines. It effectively cleans and de-stains a wide range of cutlery and crockery including all plastic ware.

FEATURES:

- * Freely Soluble
- * Contains anti-scaling agents
- * Oxygen activated
- * Contains a citrus perfume
- * Non chlorinated

BENEFITS:

- * Leaves no gritty residues.
- * Minimises the need to de-scale dishwashers in hard water conditions.
- * No unpleasant chlorine odours.
- * Imparts a fresh fragrance during the wash cycle.
- * Safe on all plastic ware.

DIRECTIONS FOR USE:

COMMERCIAL MACHINES

Fill machine with fresh hot water and use 1/2 to 3/4 of a cup of SPOT FREE Machine Dishwashing Powder. As each rack of dishes is washed, add 1 teaspoon of SPOT FREE Machine Dishwashing Powder to compensate for the fresh rinse water addition to the wash tank.

DOMESTIC MACHINES

Use 1-2 teaspoons per wash. Rinse product contacting surfaces with portable water

NOTE: Aluminium ware, leaded crystal and glass or hand painted china may be affected by dishwashing conditions. Refer to manufacturers instructions for washing these articles.

HEALTH AND SAFETY INFORMATION:

See separate MSDS available on request.

The Product Information Sheet supersedes all previous issues for this product. Information contained herein is offered in good faith as being true and accurate to the best of our knowledge, but as the conditions of use are beyond our control, no guarantees are either stated or implied.

Where health or safety data given discloses a risk to the user or the environment, it is the responsibility of the purchaser to pass on the information to employees who may be using the product, ensuring that adequate safety procedures are used, including good industrial hygiene.
