

Material Safety Data Sheet

Compliant Cleaning Supplies & Systems

This Material is Not Hazardous according to the criteria of NOHSC

1. Identification of the Material and Supplier

Product Name: Graffiti Remover GREEN
Creation Date: 1 August 2010
Supplier: Compliant Cleaning Supplies Pty Ltd
ABN: 27 144 521 200
Mail Address: PO Box 258 Hamilton Central, QLD, 4007

Telephone: 07 3868 2609
Facsimile: 07 3630 1523

Emergency Telephone: 1300 307 755 (Available 24 Hours)

2. Composition/Information on Ingredients

(Listed when present at 1% or greater, carcinogens at 0.1% or greater)

Chemical Name	% Weight	CAS Registry Number	TWA (mg/m ³)	STEL (mg/m ³)
Water	35-50%	7732-18-5	not set	not set
DiMethyl 2-Methyl Glutarate	35-50%	14035-94-0	not set	not set
Alcohol Ethoxylate phosphate ester	<5	68921-60-8	not set	not set
Ethoxylated vegetable oil	<5	61791-12-6	not set	not set
Polymeric sulphonic acid thickener	<5	mixture	Not set	not set

This is a commercial product whose exact ratio of components may vary slightly. Minor quantities of other non hazardous ingredients are also possible.

The TWA exposure value is the average airborne concentration of a particular substance when calculated over a normal 8 hour working day for a 5 day working week. The STEL (Short Term Exposure Limit) is an exposure value that should not be exceeded for more than 15 minutes and should not be repeated for more than 4 times per day. There should be at least 60 minutes between successive exposures at the STEL. The term "peak" is used when the TWA limit, because of the rapid action of the substance, should never be exceeded, even briefly.

3. Hazards Identification

Risk Phrases: Not Hazardous - No criteria found
Safety Phrases: Not Hazardous - No criteria found.
SUSDP Classification: None allocated
ADG Classification: None allocated. Not a Dangerous Good.
UN Number: None allocated

Emergency Overview

Physical Description & colour: Thick white emulsion
Odour: Pleasant odour.
Major Health Hazards: No major health hazards are known.

Material Safety Data Sheet Potential Health Effects

Compliant Cleaning Supplies & Systems

Inhalation: Inhalation of product mist may cause respiratory irritation: Symptoms may include coughing and difficulty breathing.

Skin Contact: Symptoms may include pain, redness and swelling.

Eye Contact: Symptoms may include pain, redness, swelling and tearing

Ingestion: Symptoms may include nausea, vomiting, pain and diarrhea.

Carcinogen Status:

NOHSC: No significant ingredient is classified as carcinogenic by NOHSC.

NTP: No significant ingredient is classified as carcinogenic by NTP.

IARC: No significant ingredient is classified as carcinogenic by IARC.

4. First aid measures

For Advice contact a Poisons Information Centre (phone eg. Australia 131126; New Zealand 0 800 764 766) or a Doctor.

For Ingestion: Do not induce vomiting unless advised by physician or poison control center. Drink one or two glasses of water to dilute product. Get medical attention. Do not give anything by mouth to an unconscious person.

For Skin: Remove contaminated clothing. Wash skin thoroughly with soap and water. Get medical attention if irritation persists. Wash contaminated clothing before reuse.

For Eyes Immediately flush with plenty of water for at least 15 minutes. Remove contact lenses Hold eyelid open to insure complete washing. Get Medical Attention.

For Inhalation Move person to fresh air. Get medical attention if irritation persists.

5. Fire fighting measures

Fire and Explosion Hazards: There is no risk of an explosion from this product under normal circumstances if it is involved in a fire. This product is likely to decompose only after heating to dryness, followed by further strong heating.

Extinguishing Media: Not Combustible. Use extinguishing media suited to burning materials.

Fire Fighting:

Flash point: Does not burn

Upper Flammability Limit: Does not burn

Lower Flammability Limit: Does not burn.

Autoignition temperature: Does not burn.

Flammability Class: Does not burn.

6. Accidental release measures

Accidental release: Minor spills do not normally need any special cleanup measures. In the event of a major spill, prevent spillage from entering drains or water courses. As a minimum, wear overalls, goggles and gloves. No special recommendations for clothing materials. Stop leak if safe to do so, and contain spill.

Absorb onto sand, vermiculite or other suitable absorbent material. If spill is too large or if absorbent material is not available, try to create a dike to stop material spreading or going into drains or waterways. Sweep up and shovel or collect recoverable product into labelled containers for recycling or salvage, and dispose of promptly. Recycle containers wherever possible after careful cleaning. After spills, wash area preventing runoff from entering drains. If a significant quantity of material enters drains, advise emergency services. This material may be suitable for approved landfill. Ensure legality of disposal by consulting regulations prior to disposal. Thoroughly launder protective clothing before storage or re-use. Advise laundry of nature of contamination when sending contaminated clothing to laundry.

7. Handling and storage

Material Safety Data Sheet

Compliant Cleaning Supplies & Systems

Fire Decomposition:	Small quantities of carbon dioxide may be generated.
Polymerisation:	This product is unlikely to undergo polymerisation processes.

11. Toxicological information

Target Organs: There is no data to hand indicating any particular target organs.

Classification of Hazardous Ingredients

Ingredient	Risk Phrases
No hazardous ingredients present in hazardous concentrations.	

12. Ecological information

This product is biodegradable. It will not accumulate in the soil or water or cause long term problems.

13. Disposal considerations

Containers should be emptied as completely as practical before disposal. If possible, recycle containers either in-house or send to recycle company. If this is not practical, send to a commercial waste disposal site. This product should be suitable for landfill. However, check with local Waste Disposal Authority before sending there. Note that product properties may have been changed in use, significantly altering its suitability for landfill. Please do NOT dispose into sewers or waterways.

14. Transport information

ADG Code: This product is not classified as a Dangerous Good. No special transport conditions are necessary unless required by other regulations.

15. Regulatory information

AICS: All of the significant ingredients in this formulation are to be found in the public AICS Database.

16. Other information

This MSDS contains only safety-related information. For other data see product literature.
